

Degenderator Inclusive Sign Spec Sheet

Rev: May 2021

- Reverse side may be used in all-gender facilities which lack ADA compliant design/fixtures
- Certified to meet both 2010 ADA (Section 703: Signs) as well as the CA-specific 2016 CBC Title 24 (Section 11B-703: Signs)
- Braille proofed by: Frank Welte (NCLB), ADA Certified by Caitlin O'Malior and BJ Dietz Epstein (CASp-857) of the Media and Accessible Design Laboratory at the SF LightHouse for the Blind and Visually Impaired (Jan 2020)
- Conforms to CABO/ANSI A117.1 – 1992
- Meets New York and Connecticut requirements for alternative ISA Wheelchair Symbol (alternate ISA symbol is also legal in entire US)
- Meets phrasing requirements for local ordinances
- Standard 1/32" tactile symbols and words
- Grade 2 Braille in English meets ADA and CA requirements for size
- Includes high-strength adhesive mounting strips for surface mount installation
- Substrate and text are ABS-type high-impact solvent-resistant plastic
- Matte finish per ADA spec
- For indoor use, may fade in outdoor settings.
- Color: Matte black background and braille, matte white text/figures
